APFF work on retirement and long-term investment

2017 APFF Progress Report to APEC Finance Ministers

Expanding the Region’s Long-Term Investor Base

• **Triple wins** thru Retirement income and long-term investment
  - Consumers receive high and stable returns for long-term savings
  - The financial sector is able to access deeper capital markets for infrastructure investment.
  - Governments obtain relief from large contingent fiscal liabilities

• **Triple gaps** to address to achieve the above objective
  - Pension/Protection Gap
  - Infrastructure/Investment Gap
  - Regulatory/Accounting Gap
1. Mandatory provisions and scalable retirements systems

2. Tax incentives to promote long-term saving products

3. Product/distribution innovation and financial awareness
The APFF intends to coordinate with global initiatives (i.e. OECD, World Economic Forum) and the pension industry (i.e., Asia Pacific Investors Cooperation) and to hold dialogues with both pension and insurance regulators.

- APFF/APIC Regional Pension Funds and Social Security Systems Summit, 5-6 December 2017, Hong Kong

The APFF continues to study selected APEC economies and examine gaps and potential solutions on retirement income and longevity solutions. The following are some examples of the recent developments in the region:

- Thai Government introducing a new mandatory provident fund scheme
- Malaysia’s Employees Provident Fund (EPF) receives innovation award for its retirement advisory service
- Australian government’s consultation on the Discussion Paper
- Life Annuity Scheme in Hong Kong
Infrastructure/investment Gap

1. Promotion of infrastructure as a defined asset class

2. Increased fiscal spending by Asian sovereigns within macroeconomic parameters suitable for developing economies

3. Adoption of various financing vehicles, with a broader public-private partnership framework to promote long-term infrastructure investment
The APFF is coordinating with global (i.e. Global Infrastructure Hub, OECD, WEF) and ASEAN initiatives (i.e. AIC) and the securities industry (i.e. ASIFMA), and undertakes dialogues with selected APEC economies (i.e. Indonesia, Vietnam, Philippines, Thailand):

- APFF/APIP Dialogue with Indonesian Government on PPPs in Waste Management on 14 March in Jakarta
- APEC Finance Ministers Process Seminar on Long-Term Investment in PPP on 17 May in Ninh Binh
- APFF Roundtable on Long-Term Investment on 25 July in Toronto

The APFF continues to study selected APEC economies and examine possible improvements to attract long-term investors, including financing vehicles, green finance, and survey on infrastructure investments:

- Rethinking risk allocation in PPPs
- The IFC/WBG’s PPPs in infrastructure
1. Bank-centric regulations

2. Short-term oriented economic regime

3. “One-size-fits-all” model

Remaining key accounting issues

- Unit of account
- Scope for “variable fee approach”
- Transition
Regulation/Accounting

- The APFF participates in global and regional conferences and meetings to discuss relevant regulatory and accounting issues.
- The APFF has engaged in continuous outreach and dialogue with policymakers, regulatory authorities and accounting standard setters, international (i.e. IAIS, IASB, OECD, World Bank) and regional institutions (i.e. ADB, ASEAN, NAIC, ASSAL)
  - IAIS Work on risk-based global ICS and Dialogue with IAIS
  - IFRS17 and Dialogue with IASB
  - Dialogue with regulatory authorities in the region (i.e. Indonesia, Thailand)
  - Coordination with ASEAN Insurance Council, Geneva Association and IIF
