

Wong Wai Meng is the Chief Executive Officer (Data Centres) of Keppel Data Centres & Networks Division. He has more than 30 years of experience in the ICT industry and spearheads the company's thrust towards being one of the leading data center developers and solution provider in Europe and the Asia Pacific.

Prior to joining Keppel, he was VP of BT Advise of BT Global Services across the Asia Pacific, Middle East, Africa and Turkey (AMEA) where he managed the company's practices in business consulting, systems integration, software development, networking, mobility, collaboration and security. He was also CEO of the BT Frontline group of companies where he played a critical role in the integration of BT Frontline into BT Global Services.

Mr. Wong is Immediate Past Chair of SGTech, the leading trade association for Singapore's tech industry. He is also Council Member at the Singapore Business Federation and Chair of its Smart Tech Action Committee. He was named Tech Leader of the Year 2023 by the Singapore Computer Society.

Mr. Wong has served the tech community through other appointments in Singapore's Digital Connectivity Blueprint, Digital for Life Fund, AI Ethics & Governance Committee, Taxpayer Feedback Panel and other tech connected advisories and committees. He was part of B20's Digital Transformation Taskforce in 2021.

Mr. Wong holds a Bachelor of Engineering (Electrical and Electronic Engineering), with First Class Honors, from the Nanyang Technological University.
