Joowan Lee is the founder and CEO of MegazoneCloud, the largest managed service provider (MSP) for cloud services in the Asia-Pacific region. Since establishing Megazone in 1998, Mr. Lee has led the company to become a dominant force in cloud computing, serving major enterprises across industries. Under his leadership, MegazoneCloud has expanded its global presence, with branches in the United States; Canada; Australia; China; Japan; Viet Nam; Hong Kong, China; and Singapore.

In addition to his role at MegazoneCloud, Mr. Lee is involved in several key industry and government initiatives. Since 2023, he has served on the Presidential Committee on the Digital Platform Government and as Chairman of the Global Expansion Support Subcommittee of the Korea Association of Cloud Industry. His contributions to the industry have been recognized with numerous awards, including the Minister's Award at the 2023 Korea's Top Management Grand Awards. Mr. Lee's leadership continues to drive MegazoneCloud's growth and innovation in the global cloud services market.
