Kyuho Lee is Vice Chairman and CEO of KOLON Corporation, a major South Korean conglomerate.

Mr. Lee began his career at KOLON Industries Inc. in 2012 and became Chief Operating Officer in 2019, where he drove operational improvements and growth initiatives. In 2020, he transitioned to the role of Chief Strategy Officer at KOLON Corporation, where he was instrumental in shaping the company's strategic direction. The following year, Mr. Lee became Head of the Automotive Division at KOLON Global Corp., where he successfully expanded the division's market presence. His leadership in this role led to his appointment as CEO of KOLON Mobility Group Corp. in 2023, where he further demonstrated his ability to lead large, complex organizations. In 2024, he was named Vice Chairman and CEO of KOLON Corporation, where he continues to oversee the company's diverse operations and growth strategies.

Mr. Lee holds a Bachelor of Science in Hotel Administration from Cornell University, earned in 2009. His academic background, combined with his extensive executive experience, positions him as a key leader in the global business community.
